You're invited to join the Arup team as we come together in Leeds for UKREiiF. We are returning to the wonderful Ciao Bella for drinks and nibbles as we discuss how we can connect and collaborate to create intelligent, innovative and inclusive cities.

**Arup this year is supporting the diversity and inclusion stage.**

We're looking forward to discussions with our clients and collaborators exploring key issues across the three days, including hosting our own discussion on Wednesday afternoon.

We hope you can join us at Ciao Bella, drop in or stay a while, at what promises to be an inspiring afternoon of conversation and networking.
